About Spectrum Internet

Spectrum Internet is a wholly-owned subsidiary of Net Support UK and is the leading Welsh Internet Service Provider. Spectrum Internet supplies award-winning connectivity and are specialists in providing superfast fibre optic broadband solutions to businesses and organisations.

With their own fibre network running across Wales they offer broadband solutions which include Fibre-to-the-Premise (leased lines), Fibre-to-the-Cabinet and Wireless broadband services which are monitored **24/7** and supported by professional technical and customer care teams.

Experts in fibre and wireless installations, Spectrum Internet not only deliver traditional fibre broadband but are also able to achieve broadband connections when there is no current service available by using wireless or

microwave technology. This enables Spectrum Internet to offer alternatives to areas where connectivity is difficult or expensive and provide a backup solution that is the ultimate in resilience.

Even temporary connections can be catered for as well as dedicated links between offices on a UK-wide scale. WiFi services are also provided by Spectrum Internet who provide several public buildings, organisations and town centres with the service.

Members of the **Federation of Communication Service** and **ISPA** (Internet Service Providers Association) - the UK's Trade Association for the providers of Internet Services, Spectrum Internet is a registered ISP with full access to exchanges and the ability to resolve faults faster than the industry standard.
